Supplemental Outreach Initiatives

Below is a list of Supplemental Outreach Initiatives seeking to provide increased awareness of employment opportunities in broadcasting and with Bristol Broadcasting Company that were undertaken during the Applicable Period of this Report:

- **Co-Sponsor of Smyth County Opportunity Fair** In cooperation with the Smyth County Chamber of Commerce, the Marion SEU was a co-sponsor of the Smyth County Opportunity Fair on March 19, 2026. The SEU helped to plan and pre-promote the opportunity fair. The event was held at the Chilhowie Christian Church. For approximately three weeks prior to the event, the SEU aired live and recorded announcements on all the Stations of the SEU to build awareness for the Opportunity Fair. On the day of the event, SEU Station WMEV conducted a live remote broadcast at the site to encourage participation. Members of the SEU management team headed by Office Manager Brandy Sexton coordinated with other organizers of the event prior to and on the day of the event.
- **Co-Sponsor of Wythe/Bland Career Fair** On April 28, 2026, the Marion SEU participated in the Wythe-Bland Career Fair at the Wytheville Meeting Center. As part of a co-sponsorship of the event, management helped with planning and the Stations of the SEU aired announcements to build awareness for the event. On the day of the career fair, SEU Station WMEV aired a live broadcast for the event site to encourage last minute participation. Students from Bland and Wythe Counties attended the career fair to explore work and internship opportunities in our communities. Management of the SEU, including Office Manager Brandy Sexton gave attendees opportunities to ask about opportunities in radio broadcasting and gave information about how notice of job openings with the SEU are disseminated.
- **Outreach to Organizations That Help Job Seekers** To aid in the dissemination of information about vacancies and to make organization that regularly assist job seekers aware that they can be added to a list of entities that receive notice of all full-time opening at the Station Employment Unit, Bristol Broadcasting Company continually has posted on its corporate website (which is hyperlinked from all the SEU Stations' websites) a notice to such organization encouraging them to request inclusion on the list. An online form is provided for convenience in requesting notice of vacancies.

While preparing this EEO Annual Public File Report, management of the Marion SEU completed an analysis of the overall efficacy of the EEO program of the SEU. With no full-time openings during the Applicable Period there was no recruitment data available for analysis. SEU management did make a review its list of Specialized Recruitment Sources and concluded that the list was comprehensive and included entities that assist job seekers in varied segments of the community. No additional entities that would meaningfully contribute to the list were identified. Overall, management believed that its EEO plan was sufficient to ensure that any qualified candidate for a full-time opening at the SEU would have ample opportunities to learn about such opening.

Bristol Broadcasting Company, the licensee of the Stations of the SEU, is committed a robust outreach effort including participation in job fairs and the establishment of new internship programs; to providing employment opportunities to all qualified applicants without regard to

race, color, national origin, religion, or gender; and will continue to pursue new ways and means of more widely disseminating information regarding job vacancies with the company.
